

Engaging States in the National Effort to Improve Unemployment Insurance Integrity

Mission:

To engage states in the Unemployment Insurance (UI) Integrity Center's activities, through a compilation of multiple strategies, with the goal of supporting the national effort to improve UI integrity.

Objectives:

- Connect states to increase awareness and education on actions to improve their improper payment rate and reduce UI fraud
- Consult with states in assessing their integrity needs and help implement solutions
- Gather and share information on states' current UI integrity efforts
- Provide reports on states' integrity efforts and topics relevant to UI integrity
- Create a data base on specific state integrity approaches for information sharing purposes
- Build and continuously update a Model UI Integrity Operational Blueprint to inform and guide states on successful integrity related tools and practices in key areas of UI operations
- Assemble a team of UI integrity subject matter experts to act as State Liaisons for assistance, outreach, and communication purposes
