

National Integrity Academy

Mission:

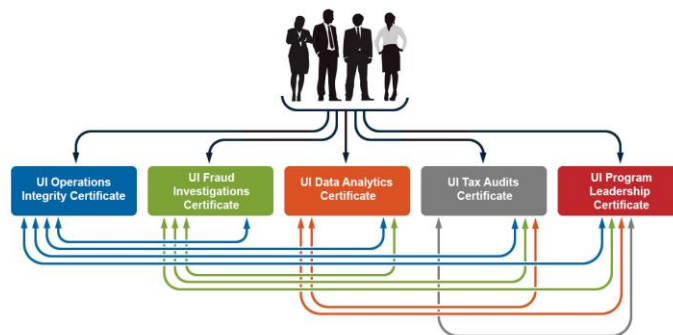

Develop a national training academy dedicated to providing high quality, relevant, integrity related training programs and materials to state administrative agencies.

Objectives:

- Maximize learning through innovative delivery formats
- Meet the needs of specific target audiences
- Ensure regularly updated and relevant content
- Enable learners to readily transfer new information to the job environment
- Build expertise and improve job performance of learners
- Be scalable to address emerging trends and the needs of states
- Create a collaborative learning environment
- Foster a culture of "Everybody Owns Integrity"

Certificate Programs:

- Series of interrelated certificates designed to support the needs of states and adult learners
- Each certificate is supported by comprehensive training modules and lessons developed in collaboration with multiple UI Subject Matter Experts and informed by state assessments
