

## National Integrity Academy Appeals & Prosecutions Course Information and Schedule

The National Integrity Academy is pleased to offer a new course for UI fraud investigators. As part of the Academy's Continuing Education program, the course provides advanced training on Appeals & Prosecutions to both new state fraud investigators who have completed the Fraud Investigations certificate program and experienced fraud investigators who would like additional training on appeals and prosecutions.

The course is comprised of the following components:

- 1.) A pre-requisite eLearning lesson on Appeals & Prosecutions;
- 2.) Virtual Class Preparatory Work: case review and worksheet; and,
- 3.) The virtual instructor-led class entitled "Claimant Fraud Appeals Hearings".

The *Claimant Fraud Appeals Hearings* virtual instructor-led class picks up where the *Basic Fraud Investigations* instructor-led training left off. It takes a deeper look at how fraud investigators can effectively represent their agency in an appeal hearing. The two-and-a-half-hour instructor-led course is provided virtually through Adobe Connect, the Academy's new software tool.

The course will be offered on a monthly basis according to the dates/times listed in the matrix below. Additional dates will be announced later in the year.
